GPNB49100 XXL

Specifications Sheet

### GENERAL DESCRIPTION

Black nitrile gloves offer 20% thicker, latex free protection than standard blue nitrile, and in a great new professional color! Combining superior comfort and strength with unsurpassed tactile sensitivity, these industrial grade gloves hold up better against rips and tears than other synthetic gloves. Textured to provide excellent non-slip wet gripping power, they are also powder free so they won't interfere with fresh paint or adhesives. Perfect for automotive, industrial applications, or anywhere a high-tech or hard-working image is valued. Not for medical use. 100 gloves per box, 10 boxes per case. Available in four sizes (M-XXL).
